SOVIET MOVE WAR SUPPLIES TO BORDER CITY

Manchukuo Officials Alarmed.

150 POLICE OFFICERS SENT TO HEIHO

Changchun, To-day.

An unending stream of war supplies, including field-guns, is flowing into Blagoveschensk, on the Soviet-Manchukuo border, accord- WILEY POST HURT ing to official reports, which state that the Soviet troops there are equipped with gas masks and carry out "demonstration parades" almost daily.

The purpose of these, it is surmised here, is to dissuade the Manchukuo from taking any drastic step in regard to the contemplated reforms in the administration and operation of the Chinese Eastern Railway.

In view of the seriousness of the situation, as seen through the eyes of Manchukuo officialdom one hundred and fifty police officers have been hurriedly despatched to Helho, opposite Blagoveschensk.

Meanwhile, Lt.-General Koiso, Army, who has just completed tour of North Manchuria, expresses his "firm conviction Service. that Manchukuo troops and police forces should be despatched to the North to quell any dis- HEAVY RAIN CAUSES turbance which might arise from the extremely alarming movement of Soviet troops to the frontier."

He adds, "The Soviet is mobilizing a powerful force of troops! along the Northern border of Manchukuo and is building strong defensive works. Manchukuo should take measures to see that her rights are preserv ed and respected." - Reuter.

ROOSEVELT UNCONCERNED AT FOREIGN SELLING OF DOLLAR

WASHINGTON, TO-DAY. ANY FORM OF DIRECT INFLATION IN THE UNITED STATES IS NOW FURTHER FROM ACTUALITY THAN AT ANY TIME FOR MONTHS, ACCORDING TO SOURCES VERY CLOSE TO THE WHITE HOUSE. IT IS ASSERTED THAT THE PROBLEM OF DEVALUATION OF THE GOLD CONTENT OF THE DOLLAR OR THE PRINTING OF "GREENBACKS" IS NOT ON THE PRESIDENT'S CALENDAR.

It is further asserted that President Roosevelt is confident that the gradual rise in commodity prices is now safely under way and can be maintained without resort to any hysterical or spectacular financial methods.

Regarding the fact that there has been considerable foreign selling of the dollar, the President's associates state, "It is not even of passing interest to the President, who feels that the antics of European speculators are meaningless in America, and that the only people to be hurt will be the participants."-United Press, per S. CUP HOLDERS CHAMPIONS

Arsenal Should Win At Goodison Park.

MOTHERWELL AND QUEEN'S PARK CLASH

(By RANGER)

The clash between Everton, Cup holders, and the Arsenal, League champions, at Goodison Park should provide the most interesting match in to-morrow's Home Football programme, in spite of the thrills expected when Queen's Park and Motherwell, the only 100 per cent. Club in the five leagues, meet in Glasgow.

The Arsenal's record is not an impressive one-7 points out of 12 -but Everton have secured only half the points they might have The Londoners, though beaten by the Throstles in an away maatch, should win. If Dixie Dean can be held the result will not be in doubt.

Queen's Park's sequence of six wins was checked by the Hearts during last week, and then on Saturday they were beaton by Dundee. Motherwell, who have conceded only three goals in their eight triumphs, should win.

The Spurs, who are leading the premier English League on goal average, are entertaining Liverpool, and O'Callaghan, the only man in the team with First Division experience, and Hunt are expected to give the Londoners their fourth win.

The meeting of the Rangers and Dundee, conquerors of Queen's Park last week, should draw record gate at Ibrox Park.

The following is my forecast of the matches, giving the result of the corresponding match last year

Looking After Players

Perhaps this explanation will remove some of the misunderstand-

Both of them are extremely valuable to the Arsenal, and while we were delighted that they should play for England it was necessary that I should be in a position to give them any attention they might have required.

Most extraordinary of all is that members of the Sciection Committee realise that the present fosition is thoroughly bad, but ap- ARTILLERY parently they are afraid to take to bold course and propose the urgent reforms which are needed.

If I were a selector I would risk the sack by saying openly all the things which are whispered privately Some day I suppose an official will summon the courage to tell the truth, but it seems far off.

I understand that recently a g, member of the F. A. proposed a change in the arrangements, and not even one of the back benchers dared second it.

The close season has I think, been more notable for managerial changes than for transfers. Birmingham, Chelses, Millwall, Blackpool, Charlton, Oldham and Clapton Orient all have new officials in charge of their teams and in many cases fresh trainers (who, I am afraid, are rarely valued as highly as they should be) have been appointed.

VON PAPEN VISITS JAPAN REPLIES TO "THE TIMES"

Statement On Bonins Fortifications.

BEFORE THE WASHINGTON CONFERENCE

Tokyo, To-day. Intended as a reply to an article appearing in The Times, on Tuesday last, in connection with the fortification of Tai-Tai-Shima Island, the Japanese War Office issued a statement on Wednesday declaring that the fortification of the Island in question took place before the Washington Conference, and that the defence works have not been expanded since the Conference.

The statement adds that the Japanese War Office has no knowledge of any case of British mi 1sionaries being refused to land on the Island.

Probably it might be that the port authority of the Island refused, as on many occasions, to allow foreigners to land without visas or authorised papers. ---

This is one of the normal dutles to be discharged irrespective of nationality, concludes the statement.-Central News Agency.
